About
Open World Contractors

At Open World Contractors, we believe that infrastructure is a key driver of development across Africa. To support this, we offer a broad range of services, including consultancy, engineering, project management, architecture, surveying and the installation and maintenance of building services such as water, electrical, plumbing, HVAC, security and fire safety.

We are committed to supporting Uganda's and Africa's infrastructure transformation by delivering high-quality, timely, and cost-effective solutions tailored to each client's needs. In response to the current industry challenges such as limited local capacity, we position ourselves as a reliable and results-driven partner. We work with a wide range of stakeholders – from government agencies and NGOs to private sector clients and individuals.

Our hands-on approach blends traditional methods with modern technologies to ensure building standards are met and expectations exceeded. Building and maintaining strong relationships with our clients is central to our business. We believe that each project is unique – we engage clients at every stage of the project life cycle, ensuring transparency, trust, and successful delivery.

What we do

Established in 2013, Open World Contractors offers a wide range of services including Design, Civil, Structural and Building Engineering, Consultancy and Advisory, Project Management, Installation of building services, and Maintenance. We serve Government and Non-Government Organisations, Private Sector entities and individuals.

Vision

To be a leader in Infrastructure Development within Uganda and the region.

Mission

To establish ourselves as Uganda's foremost leader in infrastructure development while exceeding the expectations of all stakeholders.

Core values

1. **Quality**

We are committed to delivering high-quality projects that exceed client and all stakeholder expectations through use of skilled workmanship and use of high quality materials

2. **Professionalism**

We honor commitments, meet deadlines, and adhere to industry standards. Clients and stakeholders are treated with utmost respect and involved throughout the project lifecycle.

3. **Integrity**

We ensure honesty, transparency and strong moral principles in conducting our business. Our ethical code of conduct informs how we recruit, train and engage our team and implement our projects.

4. **Equal Opportunity to all**

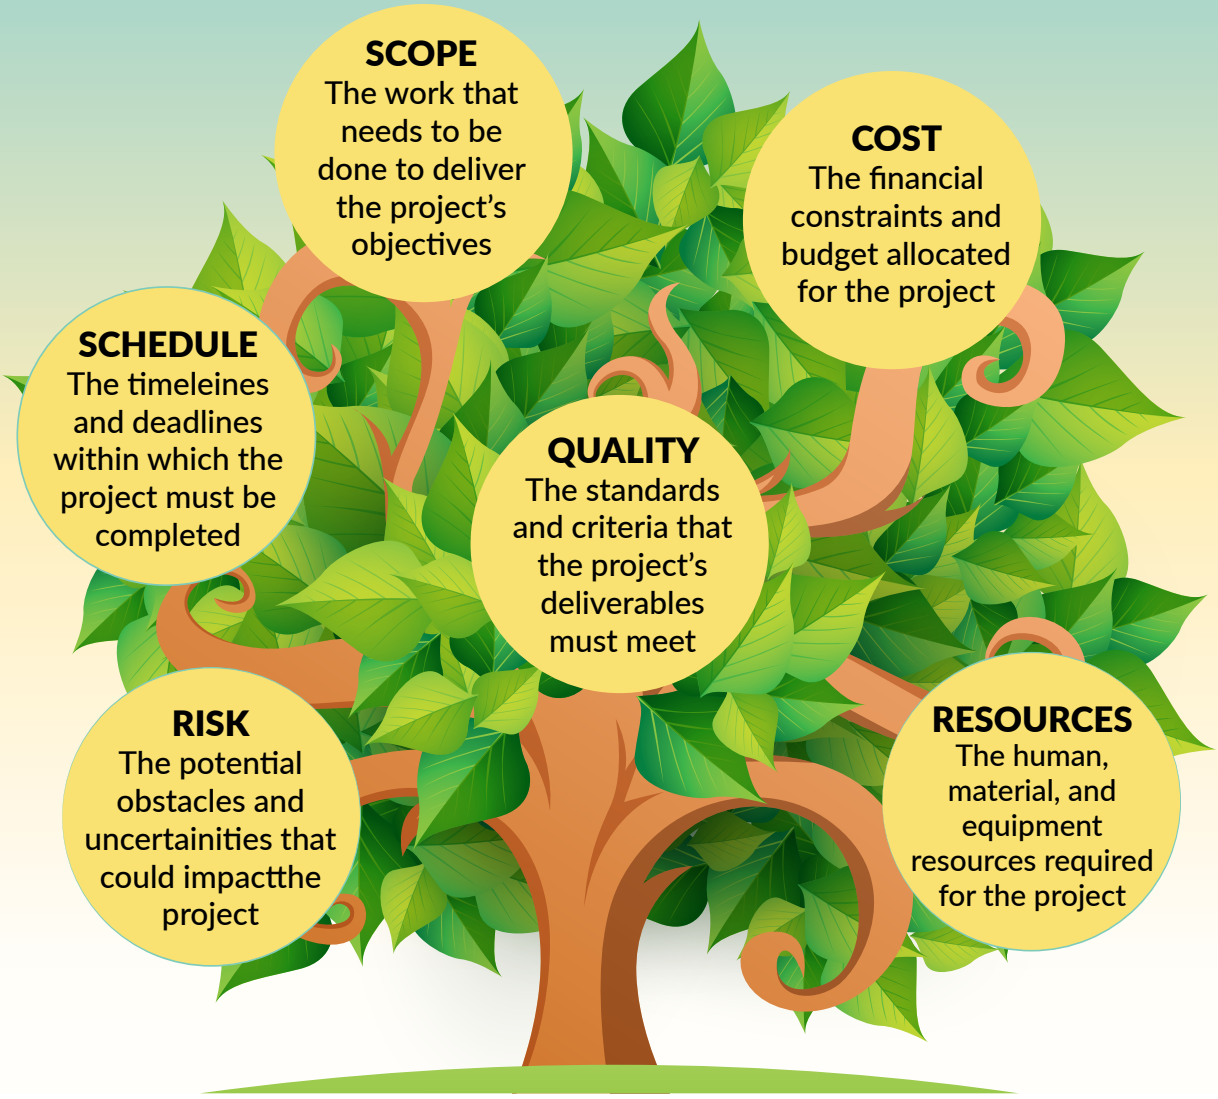

We believe in equal opportunity for all regardless of gender, ethnicity, or background. Diversity strengthens our teams and enhances project success.

5. **Use of Local Resources**

We prioritize the use of local labor and materials to empower communities and support sustainable development. On average, 50% of out project workforce and materials are sourced locally.

6 or Diamond Project Constraints

Our operations model

Environmental Sustainability: We have a comprehensive environmental policy with mitigation measures to eliminate or minimize the negative project/business impacts, as environmental protection is a shared responsibility.

Health and Safety: We prioritize a safe and healthy working environment by complying with Uganda's Occupational Health and Safety Act and our company Health and Safety Policy.

Zero-Fraud Policy: We have a zero-tolerance policy towards fraud and corruption as per our safe guarding policy that dictates the measures for investigating, reporting and disclosure.

Social Responsibility: We invest in community development through graduate internships, on-job training, and local sourcing of labor, materials and suppliers, fostering skills growth, gainful employment and inclusive economic participation.

Flexible Relationship building: We build collaborative and flexible relationships with our clients, suppliers, other professionals and key stakeholders, tailoring communication and processes to support effective project delivery.

Projects' Pictorial

Infrastructure is vital in connecting the different parts of Uganda and linking our landlocked country to her neighbours. We at Open World Contractors are devoted to making a contribution to infrastructure development

OPEN WORLD CONTRACTORS

Use of Local Contacts

In support of the Buy Uganda, Build Uganda (BUBU) Campaign, we endeavor to utilize locally made products and services. We also draw expertise from a number of local Professionals in various academic institutions, Professional Bodies, and other agencies. We are open to partnering with other local companies within the country to build capacity and promote national development

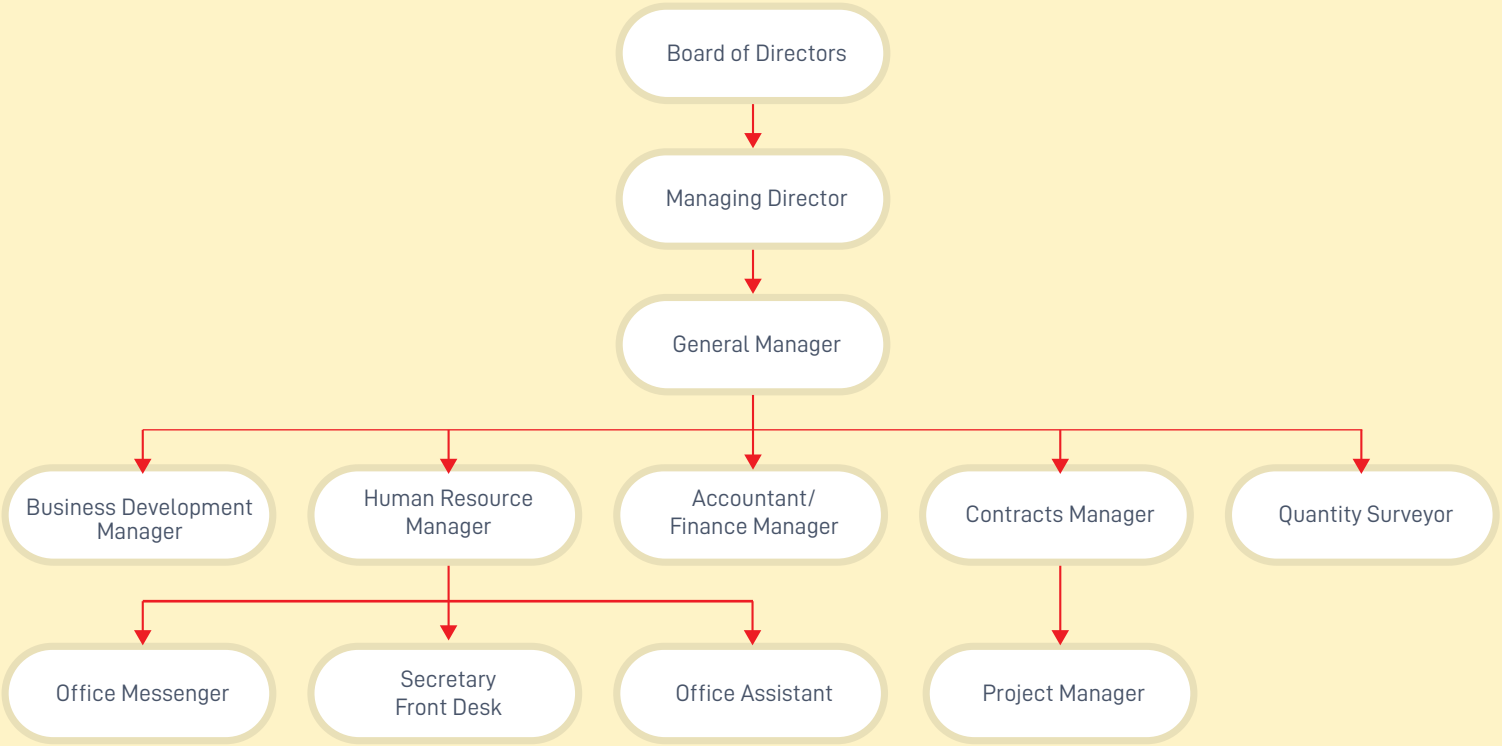

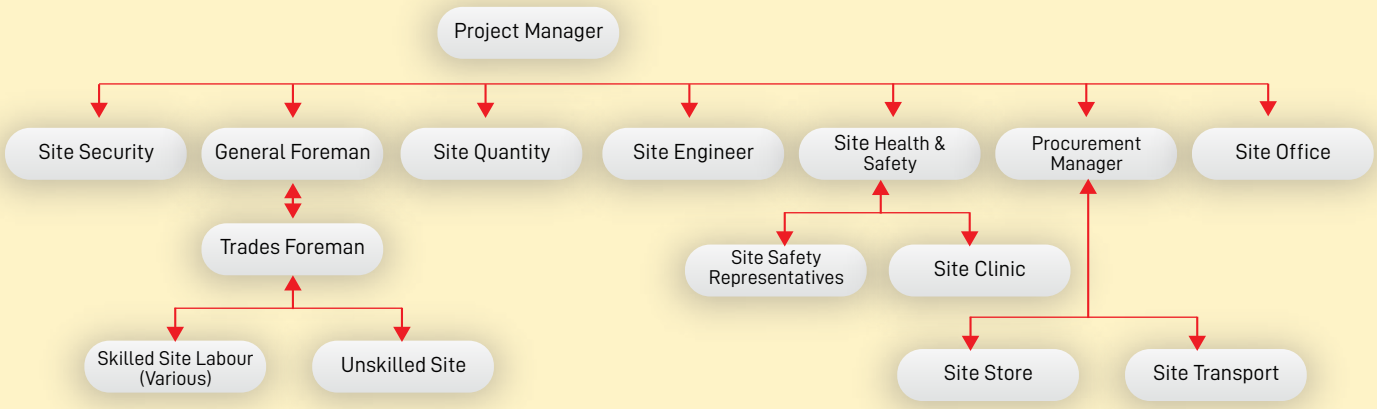

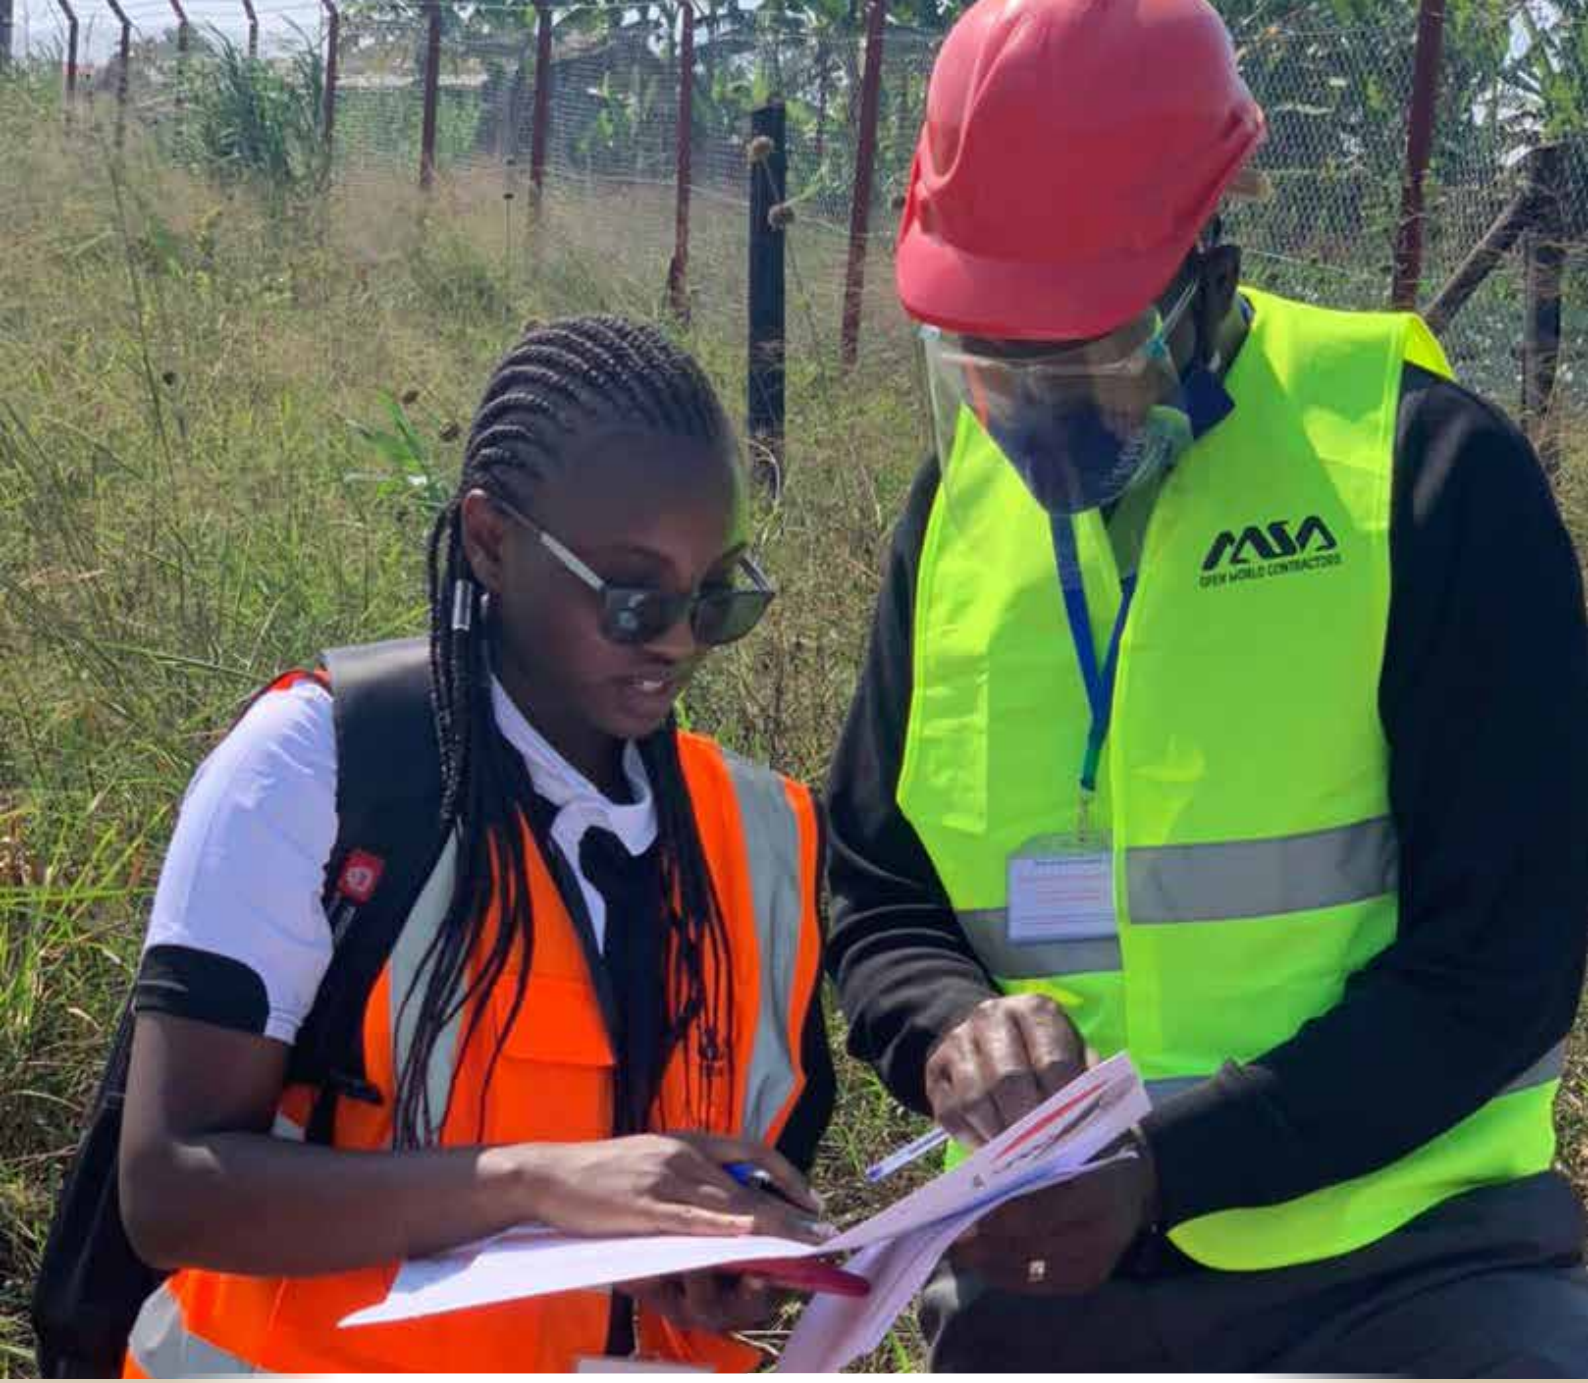

As per SDG 5: Gender equality, **Open World contractors is very intentional about creating opportunities** for women and contributing to closing the gaping gender gaps especially in the construction sector. With the Labor force participation rate for women being lower compared to men, OWC aims to increase the percentage of women engaged in their projects and management of the company to further increase organizational effectiveness and growth. This is reflected in the management team, staff, site personnel as we all as suppliers.
